Subject: Wearing your badges during research ramp-up
Date: Wednesday, June 10, 2020 4:55:08 PM

Dear BME staff, graduate students, postdocs, and faculty,

As we engage in research ramp-up, please make sure to wear your badges prominently displayed when on grounds. We will have fewer staff and faculty members than normal in our buildings for some time. So, wearing your badges prominently displayed will help ensure that you can easily be identified as a member of the BME department.

Thanks,
Fred
