1. Chosen from the approved Humanities and Social Science list available in A122 Thornton Hall and in the SEAS Undergraduate Handbook.
2. Chosen from: BIOL 2100, 2200; CHEM 1620; MSE 2090; PHYS 2620; and any APMA course 2000 or higher not already required by a student's major and does not duplicate material from another APMA course.

3. Transfer students can replace ENG 1020 with 3 other credits, generally in the form of communication or ethics. Students seeking this exception must appeal to office of the Associate Dean for Undergraduate Affairs for the School of Engineering.
4. Unrestricted electives may be chosen from any graded course in the University except mathematics courses below MATH 1310 and courses that substantially duplicate any other offered for the degree, including PHYS 1010, 1020, 2010, 2020; CS 1010; or any introductory programming courses. Students in doubt as to what is acceptable to satisfy degree requirements should get the approval of their advisor and the Dean's Office located in A122 Thornton Hall.
5. Capstone sequence chosen from: 4650/4660 or 4690/4700.
6. Chosen from Mechanical and Aerospace Engineering Approved Math-Science/Technical Electives list (see website).
