

School of Engineering and Applied Science Rewards and Recognitions Process & Policy

The following outline describes the Rewards and Recognitions (R&R) process for classified employees in the School of Engineering and Applied Science:

Basics

- **Basis of Rewards and Recognitions:** Rewards and Recognitions are based upon outstanding customer service (Attachment B) and/or outstanding performance (Attachment C).
- **Cycle:** When SEAS conducts a Rewards and Recognitions cycle, it does so at same time UVA announces its quarterly In-Ban Adjustment cycle, which in terms of SEAS Rewards and Recognitions cycle translates to the spring semester.
- **Funding:** Some annual funding is provided by the University for Rewards and Recognitions. Approximately \$9,500 is allotted to SEAS, which is usually supplemented with school local funds (these amounts are subject to change based upon annual State, University, and SEAS budgets). Departments are apportioned a share of the available funds based on the number of classified staff in their department. Departments local funds may also be added to the pool of available funds.
- **Levels of Awards:** Three levels of awards are available to classified staff based on individual Supervisor/Department Chair recommendation (Attachment A). Cash or non-cash awards, i.e., recognition leave, are possible.
- **Notification of Rewards & Recognition Cycle:** Chairs will be informed of the Rewards and Recognition cycle by the Dean at a Chairs Meeting during the spring semester. Classified Staff will be notified of the cycle via email immediately after chair notification.
- **Departmental Chair Responsibility:** Chairs will notify their department's supervisors regarding the start of the cycle. Supervisors will nominate classified employees using the Recognition Award Request Form found at <http://www.hrs.virginia.edu/linksforms.html>. Chairs will review supervisor requests and decide which nominations to submit to the SEAS Compensation Management Advisory Committee (CMAC).
- **Compensation Management Advisory Committee (CMAC) Responsibility:** The CMAC committee consists of four SEAS faculty members, i.e., SEAS Senior Associate Dean and Associate Dean for Research, SEAS Associate Dean for Academic and Administrative Services, SEAS Assistant Dean for Finance and Budget, SEAS Faculty Council/Senate Representative, and one classified staff member, i.e., SEAS Human Resource Manager. CMAC's responsibility is to review Recognition Award Request forms for accuracy, i.e., within budget specifications set by the dean, completeness of form, etc. The CMAC committee does not determine which employees will go forward – the committee only serves to make sure the applications are complete and according to policy. The Dean makes the final approval and forwards nominations to UVA Human Resources for implementation.
