

UVa BME *Going Pro* Application

Due date: July 15

Name:

Advisor:

Year entered the PhD program:

Grad GPA:

Brief Description (2-3 sentences) of your current PhD project:

Please attach a current transcript and a 1-page description of your motivation for participating in *Going Pro*. Include a description of your expected outcomes. In addition, ask your PhD advisor to send a letter of support as a part of your application.

All industry internships must be approved to qualify for department support. An approved internship will require a one-paragraph description including supervisor contact information and signed acknowledgement of support from your PhD advisor. Internships will be approved by the BME graduate program committee.

Please submit this application as a single PDF to Ms. Kim Fitzhugh (kaf5r@virginia.edu). The letter from your PhD advisor can be sent separately rather than as a part of the application you submit.
