- Complete the online application

## Rolls-Royce International Summer Internship

Rolls-Royce is a global company, providing integrated power solutions for customers in the aerospace, marine and energy markets. We're moving into an exciting future – and we're taking thinkers like you with us. People as logical as they are innovative. Who analyze as much as they inspire – and who roll up their sleeves to turn their ideas into real-world solutions.

Representing a partnership between Rolls-Royce, the University of Virginia and Virginia Tech, the International Summer Internship offered by Rolls-Royce is a unique experience to help differentiate you from the crowd. Our program is designed to give you an immersive, hands-on experience as you work in an international environment, alongside some of the world's finest professional and technical minds. The internship is 3 months in duration, starting in May and ending in August.
