\* APMA 1090 is in the math/science elective slot (which was moved to the 8th semester) in the 2nd semester. **APMA 1090 cannot count as the math/science elective** but rather counts as a UE. Because APMA 1090 is 4 credits, the UE course in the 2nd semester need only be 2 credits. It is unlikely that a student can find a 2 credit UE so this semester is more likely to require 17 credits than 16.
