

Coding for Gamers 101!

- Learn the basics and logic of coding through interactive games using a FREE coding program called Scratch
- One Week Course (2pm - 4:30pm)
- Leave with your own self-designed game with fancy animations and sounds!
- No prior experience necessary
- Suggested for 4th to 8th grade but all are welcome
- All you need is a computer!

Course Instructors:

Thai Nguyen (ptn2fut@virginia.edu)

Justin Liu (jl8wf@virginia.edu)

Edward Kim (ejk4fbc@virginia.edu)

Parth Raut (plr6uqx@virginia.edu)
